Course Information

The Beauty Witch ACADEMY

TRAINING COURSES

My journey into beauty began at one of the lowest points in my life. My partner bought me a simple nail kit and it gave me a spark of creativity I didn't know I needed. I found joy in nail art and couldn't wait to start my own business and make others feel beautiful.

I transformed my bedroom at my mum's house into a little beauty room and that's where it all began. As I grew more confident, I took the leap into brows, building up more clients and skills. That passion eventually led me into the world of aesthetics.

Through manifestation, hard work and believing in myself, the opportunity came to open my very own salon space - The Coven, which I am so proud to call home to this day.

Now, my mission is to teach others not just the skills of beauty and aesthetics but also the belief that you can create the life you dream of. If I can do it, starting from my bedroom with nothing but a nail kit and determination, so can you.

Welcome to your training I can't wait to see your journey unfold.

With love & magic,

Founder of The Beauty Witch Academy

THE BEAUTY WITCH

1-DAY DERMAPLANING & MICRONEEDLING COURSE

Who is it for?

Entry Requirements: Beauty Therapists minimum of Level 2/3 Beauty Therapy, SPMU experience, or A&P Level 3 is required. Medical professional.

Course Overview

This course teaches students how to safely and effectively perform dermaplaning and microneedling both high-demand treatments used to improve skin texture, pigmentation, acne scarring, fine lines and overall complexion.

This practical day combines hands-on learning with in-depth skin theory so students understand exactly how the skin responds to treatment and how to achieve safe, consistent results.

What does the course include?

- ✓ Blade handling & angle control
- ✓ Removing dead skin + vellus hair
- ✓ Skin preparation
- ✓ Contraindications
- ✓ Hygiene & sterilisation
- ✓ Infection control
- ✓ Client suitability
- ✓ Aftercare
- ✓ Live model practice
- ✓ Skin anatomy & needle depth mapping
- ✓ Collagen induction therapy
- ✓ Treating acne scarring, texture & fine lines
- ✓ Serum selection

What's Included:

- Full training manual
- Live model supplied
- Certified tutor support
- CPD-accredited certificate
- Business & pricing guidance
- Insurance guidance
- Access to ongoing support group

Duration: 1 Day

Price: £500

START FROM SCRATCH – BEGINNER COURSE

Who is it for?

This 6-month pathway is your full, structured route into aesthetics. It is designed for students with zero background in beauty, skin or injectables and provides the essential knowledge, practical experience and confidence needed to work safely and professionally in the aesthetics industry.

A complete beginner needs time to learn:

- ✓ Anatomy
- ✓ Skin science
- ✓ Safe handling of needles
- ✓ Infection control
- ✓ Consultation skills
- ✓ Emergency protocols
- ✓ Skin treatments BEFORE injectables
- ✓ Portfolio-building on live models
- ✓ Business foundations

What does the course include?

MONTH 1 - Anatomy & Physiology (A&P) + Skin Basics

Level 3 A&P (complete beginner-friendly)
Understanding the skin, muscles, nerves and blood supply
Client consultation & contraindications
Infection control & hygiene
Online modules + assessment

MONTH 2 - Dermaplaning & Microneedling (Same Session)

This is now a combined practical training day.
Dermaplaning
Microneedling
Practical demo and models
Outcome: You gain hands-on confidence working with the skin using sterile equipment and minimally invasive methods.

MONTH 3 - Injection Basics & Vitamin B12

Safe handling of needles
Intramuscular injection technique
Contraindications
Live model injections
Outcome: You now have safe needle handling experience before moving to injectables.

MONTH 4 - Foundation Anti-Wrinkle (Botox)

Facial anatomy & muscle mapping
Consultation & dose calculation
Injection depth & angles
Hands-on model practice
Outcome: You begin your injectables journey safely with full supervision

MONTH 5 - Foundation Dermal Fillers

Lips, nasolabial folds, marionette lines
Anatomy & safe injection zones
Needle technique
Product knowledge
Complications, dissolving & emergencies
Live model treatments
Outcome: You gain real injectable experience for portfolio & insurance

MONTH 6 - Skin Boosters + Business & Portfolio Building

Profilo-style injection maps
Injection patterns for face, neck & hands
Live model practice
Final assessments
Outcome: You graduate with complete beginner-to-injector training and a professional portfolio.

Duration: 6 Months (Beginner Route)

Price: £3,000

Finance & Payment Plans Available

1-DAY FOUNDATION DERMAL FILLER COURSE

Who is it for?

Entry Requirements: Beauty Therapists (Level 3+), SPMU Artists, Skin specialists, Nurses, medics, non-medics with A&P or needling experience.

Course Overview

Our 1-Day Foundation Dermal Filler Course is designed for practitioners who already have suitable pre-requisite training and want to safely introduce injectable dermal fillers into their treatment menu. This course focuses on essential facial anatomy, core injection techniques, and safe, supervised hands-on practice.

Students will learn foundation-level dermal filler treatments for the most in-demand areas, along with full complications and emergency management training to ensure safe and professional practice.

What does the course include?

You Will Learn:

- ✓ Anatomy & physiology (face & injection zones)
- ✓ How dermal fillers work
- ✓ Product selection & safe storage
- ✓ Treatment planning & client suitability
- ✓ Needle techniques & depth of injection
- ✓ Lip augmentation (natural foundation techniques)
- ✓ Nasolabial folds
- ✓ Marionette lines
- ✓ Injection mapping & marking up
- ✓ Safety & infection control
- ✓ Complications, emergencies & dissolving protocols
- ✓ Live model injections (hands-on supervised practice)
- ✓ Consultation, consent & medical history
- ✓ Aftercare & client retention

What's Included:

- Full training manual
- Live model supplied
- Certified tutor support
- CPD-accredited certificate
- Business & pricing guidance
- Insurance guidance
- Access to ongoing support group

Duration: 1 Day

Price: £999

1-DAY FOUNDATION ANTI WRINKLE COURSE

Who is it for?

Entry Requirements: Beauty Therapists (Level 3+), SPMU Artists, Skin specialists, Nurses, medics, non-medics with A&P or needling experience.

Course Overview

Our 1-Day Foundation Anti-Wrinkle Course teaches you how to safely perform beginner-level anti-wrinkle injections using industry-standard techniques. Ideal for those with A&P Level 3 and suitable beauty/aesthetic qualifications, this course delivers essential facial anatomy, injection mapping, and hands-on supervised practice on live models.

What does the course include?

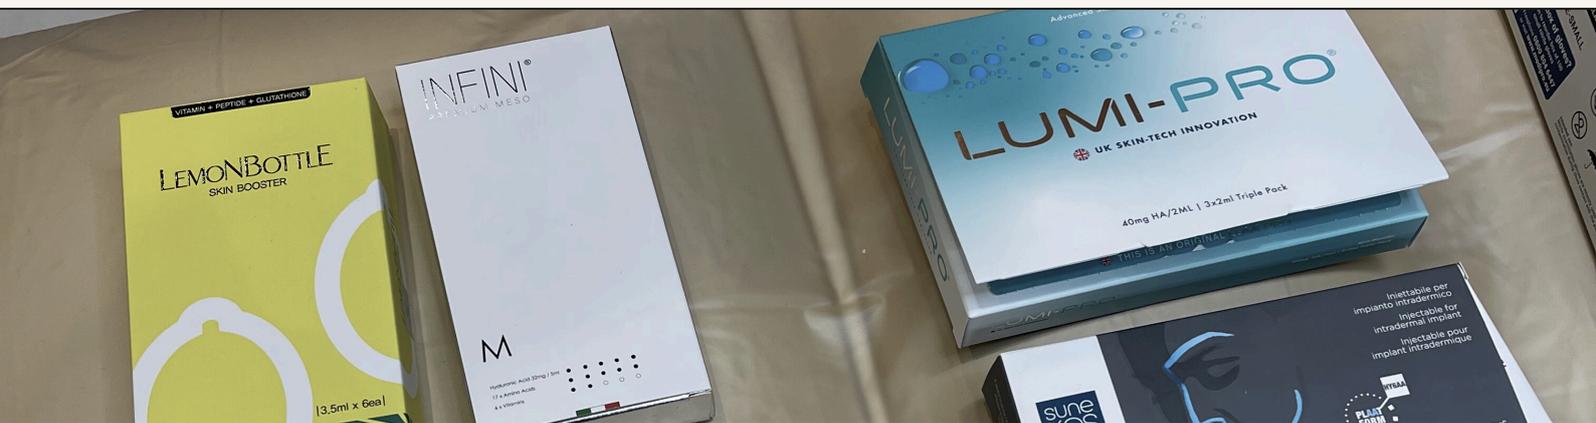

- ✓ Anatomy of facial muscles
- ✓ Injection zones & safe mapping
- ✓ Core treatment areas
- ✓ Consultation & medical history
- ✓ Dilution, reconstitution & dosage
- ✓ Managing asymmetry
- ✓ Contraindications
- ✓ Complications & safe practice
- ✓ Live model injections
- ✓ Aftercare guidance

What's Included:

- Full training manual
- Live model supplied
- Certified tutor support
- CPD-accredited certificate
- New Regulations
- Insurance guidance
- Access to ongoing support group

Duration: 1 Day

Price: £999

SKIN BOOSTER COURSE (HALF DAY/ 1 DAY)

Learn how to administer injectable skin boosters for hydration, glow, and skin rejuvenation. This course teaches techniques inspired by Profilo-style injection mapping, giving you the confidence to treat face, neck and hands safely. Students must have A&P Level 3 and prior experience working with needles. This course is suitable for qualified practitioners or students completing our structured beginner aesthetics pathway.

- ✓ Skin booster theory and how skin boosters work
- ✓ Overview of popular skin boosters (Profilo-style and similar products)
- ✓ Facial anatomy relevant to skin booster treatments
- ✓ Client consultation, consent and suitability assessment
- ✓ Contraindications and precautions
- ✓ Injection mapping and treatment planning
- ✓ Injection techniques and needle depth
- ✓ Safe handling of injectable products
- ✓ Supervised hands-on practice on live models

What's Included:

- Full training manual
- Live model supplied
- Certified tutor support
- CPD-accredited certificate
- Access to ongoing support group

Duration: Half a day

Price: £699

FAT DISSOLVING COURSE (HALF DAY/ 1 DAY)

This course teaches you how to safely and effectively deliver fat dissolving injections using products such as Lemon Bottle, DesoBody/DesoFace or Lipo Lab.

You will learn how to reduce stubborn pockets of fat in popular treatment areas using safe and effective techniques. We focus heavily on safety, anatomical understanding, dosage, mapping and aftercare to ensure you can confidently offer this high-demand treatment.

You Will Learn:

- ✓ What fat dissolving products are & how they work
- ✓ Product differences (lipo lab vs Lemon Bottle etc.)
- ✓ Client suitability & consultation process
- ✓ Contraindications & safety
- ✓ Injection mapping for all treatment areas
- ✓ Needle depth & angles
- ✓ Dosage guidelines
- ✓ Side effects & managing reactions
- ✓ Treatment plans & pricing
- ✓ Aftercare instructions
- ✓ LIVE MODEL injections
- ✓ Complications management
- ✓ Marketing & business tips

What's Included:

- Full training manual
- Live model supplied
- Certified tutor support
- CPD-accredited certificate
- Access to ongoing support group

Duration: Half a day

Price: £500
